Summary

I'm an enthusiastic graduate from the University of South Wales, with a First Class Degree in BSc (Hons) Computer Security. I am passionate about developing a career in cybersecurity and have been involved in projects that have allowed me to improve my skillset. I currently have a keen interest in secure website design and systems security. I regularly involve myself within several commuter security communities and follow a multiple of blogs from professional computer security experts. I am looking to develop my academic skills and experience within a company which have a large influence within the sector.

Experience

Technology Director
Status Effect

Sep 2019 - Present (1 year 10 months +)
Developing, integrating and managing a proprietary tournament platform for the Sea of Champions live events, including integration into the Microsoft Login platform.

Cyber Society President
University of South Wales

Sep 2019 - Jul 2020 (11 months)
While studying, I helped set up and run the society at the institution, with weekly meetups and competitions.

Deloitte CTF Finalist
Deloitte UK

Dec 2019 - Dec 2019 (1 month)
Represented the University at the Deloitte CTF. The team came 3rd place in the finals.

BCS Cyber Crime Cup Finalist
BCS, The Chartered Institute for IT

Nov 2019 - Nov 2019 (1 month)
Represented the University at the BCS Cyber Crime Cup CTF. The team came 3rd place in the finals.
